

MSM Gold® promotes healthy joints and tissue and is also great for skin, hair, and nail support.*

MSM Gold® is a powerful systematic enzyme program that combines proteolytic enzymes with MSM, whole food vitamin C, bromelain, chelated minerals, super-antioxidants from turmeric and tomato lycopenes. Piperine is included to raise the absorption and bioavailability of the formula.

To increase the bioavailability of the nutrients in **MSM Gold®**, all NWC Naturals® products include our special **L.E.A.D.S.®, "Live Enzyme Activated Delivery System®"**, to insure nutrient delivery at a cellular level as well as maximum enzyme activation.*
