Naturally Occuring Astaxanthin (from Krill Oil)	4mcg.

Inactive Ingredients:

Medium chain triglycerides

Cautions:

- Safe use in pregnant animals or animals intended for breeding has not been proven.
- If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.
- Clean up spills with rubbing alcohol.

For use in dogs and cats only

Tri-KRILL™ is recommended for joint support, supporting normal flexibility and a normal inflammation response. Contains 20 times more antioxidants than plain krill oil. 100 mcg. per serving, the highest of all pet krill oil products. Fights free radicals in the body which protects the cells and tissues. Supports heart, cognitive and liver health. Antioxidants help maintain normal DNA and the immune system. Enhances your pet's brain function. Omega-3 fatty acids help support normal inflammatory response.

Directions for use:

Give one measured pump for every 10 pounds of your pet's body weight every day. This may be doubled for added support or on the advice of your veterinarian.

Warnings:

For animal use only.

Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Storage and handling:

Store at room temperature 65 degrees to 75 degrees. Do not refrigerate. At first the bottle may need a few pumps to prime. If it does not start flow right away, turn upside down and pump until primed, then pump upright normally.
