

# Ultra-Pure MSM Lotion™

All Natural Moisturizing Skin Treatment

## Natural skin care is important!

Your skin deserves to be treated with respect. Taking care of your body is an essential part of maintaining a healthy & youthful skin. Don't put anything on your skin that you would not put in your mouth. It is important to lubricate your skin in order to keep it soft, supple and functioning more effectively. **Ultra-Pure MSM Lotion™** gives your skin a healthy, glowing appearance without chemicals. The ingredients in our lotions are all natural with no chemicals and no artificial preservatives. All of NWC Naturals are cruelty free and not tested on animals.

## Natural ingredients make the difference.

- **Vitamin A, Vitamin D, Vitamin E Oils**
- **Glyceryl stearate as an emulsifier**

## Hydrate and nourish...!

Super nourishing and instantly moisturizing body lotion packed full of anti-aging antioxidants, vitamins and other skin beneficial nutrients.

# Ingredient Overview

**MSM (methylsulfonylmethane)** – This formula contains a generous amount of MSM, a substance present in food which is used as an oral nutritional supplement as well as a topical treatment. It is believed our bodies use sulfur for soft tissue repair. Applying this lotion allows you to concentrate MSM in the areas where you want the most benefits. This lotion gives soothing fast relief for sore hands, elbows, hips and knees for hours. The lotion is ideal for skin care and maintenance bringing softness and elasticity to your skin care needs.

**Vitamin E Oil** - Is good for that youthful and beautiful complexion, we have blended these fine natural delicate beauty oils with pure Vitamin "E". For silkier skin use where necessary and as often as you like. On face, body, arms, and legs- anywhere dryness appears. Continued use will ensure that dryness disappears. Vitamin "E" Oil is a pure food product that is made for use as a skin moisturizer. Vitamin E is a wondrous little compound that was also an antioxidant. It can help with the healing of scars, burns and stretch marks.

**Tea Tree Oil-** It is widely recognized for having strong antibacterial, antifungal and antiseptic properties. Tea tree oil (*Melaleuca alternifolia*) is a great "entry level" essential oil for natural medicine. This oil is non-toxic and proven effective for healing and soothing the skin.

**Pure Almond Oil** - Is rich in beneficial fatty acids and suitable for use on all skin types, making it one of the most widely used oils for massage and bodywork. Almond Oil heals and soothes while creating softer and smoother skin.

**Apricot kernel oil** - Is particularly helpful for dehydrated, delicate, mature and sensitive skin, and it helps to soothe inflammation. This finely textured oil spreads easily and is particularly rich in both oleic acid and linoleic acid

**Aloe vera** - Has antibacterial, antifungal and antiviral compounds that help prevent wound infections. It also has immune-stimulating and anti-inflammatory compounds, and it stimulates collagen synthesis and skin regeneration. Aloe gel contains vitamins C and E, plus the mineral zinc.

**Essential Oils** are lipolytic meaning they can be absorbed into the bloodstream. Please consult doctor before using essential oils if pregnant.

## Questions

### 1. How do I use this product?

Apply a small amount (about the size of a quarter) on an area to be treated. Rub the lotion into the skin until it starts to dry. Feel the luxurious vitamin enriched lotion work. No rinsing needed.

### 2. Is this product all-natural?

Yes we use no chemicals or petroleum, or sulfites for this great product to work. **Ultra-Pure MSM Lotions™** unique formula works with no petroleum by-products, no waxes, and no chemicals. Use anywhere and feel clean and dry and soft.

### 3. How often can I use it?

You can use it as often as you like. The natural ingredients will keep hydrating and nourish your skin all day. Even after you wash your hands you still will feel the soft feeling on your skin.

### 4. Can the MSM in this lotion help sore muscles?

Yes this lotion has a good amount of msm and can help in sore muscle relief. This is just one more thing this unique formula can do. This formula offers temporary relief from back pain, muscle pain, and stress from athletic injuries.
